Medical.

Baltimore Lock Hospital.

DR. JOHNSTON,

Physician of this celebrated Institution, has discovered the most Certain, Speedy, Pleasant and Effectual Remedy in the World for all

DISEASES OF IMPRUDENCE,

Weakness of the Back, or Limbs, Strictures, Affections of the Kidneys, or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Diseases of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from Solitary Habits of Youth—SECRET and solitary practices, more fatal to their victims, than the songs of the Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN

especially, who have become the Victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have stratined listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or Young Men contemplating marriage, aware of Physical Weakness (Loss of Procreative Power—Impotency,) Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other disqualification, speedily relieved.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidentially rely upon his skill as a physician.

ORGANIC WEAKNESS,

IMPOTENCY, LOSS OF POWER,

Immediately Cured, and Full Vigor Restored. This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences.—Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny, that the power of procreation is lost sooner by those falling into improper habits, than by the prudent? Besides being deprived of the pleasures of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, and Wasting of the Frame, Cough, Consumption, Decay and Death.

A CURE WARRANTED IN TWO DAYS.

Relief in Six Hours: No Mercury!

Persons Ruined by Ignorant, Trifling Pretenders, and their Deadly Poisons, should apply immediately.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themselves by improper indulgences and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholy effects produced by the early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects of the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of Consumption.

A YOUNG MAN

who have injured themselves by a certain practice, indulged in when alone, a habit frequently learned from evil companions or at school, the effects of which are slightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and employments of life, by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view, the mind becomes shadowed to despair, and filled with the melancholy reflection that the happiness of another is blighted with our own.

DISEASE OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure finds that he has inhibited the seeds of this painful disease, it too often happens that an ill-directed sense of shame or dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease makes their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration till death puts a period to his dreadful sufferings, by sending him to that undiscovered country, "from whence no traveler returns."

It is a melancholy fact, that thousands DIE victims to this terrible disease, through failing into the hands of Jesuits, or Unskillful PRETENDERS, who by the use of that deadly Poison, MERCURY, &c., destroy the constitution, and incapable of curing, dismiss the unhappy sufferer, month after month taking their noxious or injurious compounds, are left to die, being restored to a renewal of Life, Vigor and happiness, in despair leave him with ruined Health, to sign over his galling disappointment.

To such, therefore, Dr. JOHNSTON pledges himself to preserve the most Inviolable Secrecy, and from his extensive practice and observations in the great Hospitals of Europe, and the first in this country, viz: England, France, Philadelphia and elsewhere, is enabled to offer the most Speedy, Certain and Effectual Remedy in the World for all diseases of Imprudence.

DR. JOHNSTON,

OFFICE, 7 SOUTH FREDERICK STREET,

BALTIMORE, MD.,

left hand side going from Baltimore street, a few doors from the corner. Fail not to observe the name and number.

☞ No letters received unless postpaid and containing a stamp to be used in the reply. Persons writing should state age, and send a portion of advertisement describing symptoms.

There are so many Boarding and Worthless Impostors advertising themselves as Physicians, graduates, &c., ruining the health of all who unfortunately fall into their power, that Dr. Johnston deems it necessary to say especially to those who are acquainted with his reputation, that his Credentials or Diplomas always hang in his office.

ENDORSEMENT OF THE PRESS.

The many thousands cured at this establishment, year after year, and the numerous Surgical Operations performed by Dr. Johnston witnessed by the representatives of the press and many other persons, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

SKIN DISEASES SPEEDILY CURED.

March 11, 1869—lyipr

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD.

THE reputation this excellent medicine enjoys, arising from its cures, many of which are publicly known, invalidates the necessity of our saying, that the system seemed saturated with corruption, and to have been purified and cured by it—wherever the symptoms of any lurking taint or scrofulous contamination existed, they were painfully affecting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive foes of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, which excites a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on a favorable occasion, rapidly develops into one or the other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of Sarsaparilla is advisable, even when no active symptoms of the disease appear. Persons afflicted with the following complaints generally find immediate relief, and in many cases, a perfect cure, by the use of this SARSAPARILLA: *St. Anthony's Fire, Tetter, Tumors, Blotches, Blains, Boils, Carbuncles, Scald Head, Ringworm, Sore Eyes, Sore Throat, Ulcers, Dropsy, Female Complaints or Scrofulous disease.* Also, in more modified forms, as *Dyspepsia, Heart Disease, Pain in the Side, Kidney Complaints, Neuralgia*, and the various *Diseases* or affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time lingering for want of knowing these obstinate maladies by any peculiar sign. But long continued use of this medicine will cure the complaint. *Leucorrhœa or Whites, Ulcerations, and Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating action. Minute directions for each case to be found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Obstruction* or *Inflammation of the Liver*, and *Jaundice*, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions or Fears*, or any of the affections symptomatic of weakness, will find immediate relief and convincing evidence of its restorative power upon trial.

HUMOROUS.

"CAN you return my love, my dearest Julia?" "Certainly, sir. I do not want it, I am sure."

THE reason there are so many muttonheads in existence is because such a number of children are "perfect lambs."

A YOUNG man charged with being lazy was asked if he took it from his father.—"I think not," was the reply; "father's got all the laziness he ever had."

"PAT, what is the reason that you and your wife disagree?" "Och be jabers, its 'kase we're both of one mind; she wants to be master and so do I!"

JOSH BILLINGS says that "if a man professes to serve the Lord, he likes to see him do so when he measures onions as well as when he hollers glory hallelujer."

"Why, Charlie, I am surprised to see you making faces at your mother?" Charlie brightened up at once, and retorted, "Why, I calculated to laugh, but, mamma, my face slipped."

A MAN advertises a house to let immediately along side of a fine plum garden, from which an abundant supply of delicious fruit may be stolen during the season, and offers to take part of the rent in plums.

A YOUTH was lamenting to his father the ordeal of popping the question.—"Pooh," said the patriarch, "how do you suppose I managed?" "You needn't talk," responded the young hopeful; "you married mother, and I've got to marry a strange girl."

A TRADESMAN, who had failed in the city of Bangor, wrote on his front door, "Payment suspended for thirty days." A neighbor reading this said, "You have not dated the notice." "No" said he, "I do not intend to do so; it would run out if I did."

"WIFE, do you know that I have got the pneumonia?"

"New monia, indeed! Such extravagance! You're the spendthriftiest man I ever did see, to go and lay out your money for such trash when I do need a new bonnet so much!"

A BOY speaking of the greatest man he ever saw, was told by his mother he must always except their minister. A few days after he rushed into the presence of his mother, and exclaimed,—

"Mother, I have seen the greatest hog down town that I ever saw except our minister."

"JENNIE," said a landlady to her help the other morning, "Jennie, was there any fire in the kitchen last night while you were sitting up?" "Only just a spark, ma'am," was the reply. The landlady looked suspiciously at Jennie, but the innocent girl went on scrubbing and humming Katy Darling.

"SIR," said the astonished landlady to a traveler, who had sent his cup forward for the seventeenth time, "you must be very fond of coffee."

"Yes, madame, I am," he replied; or I should never have drunk so much water to get a little."

SOMER EDITOR who was insane or had a strong and vivid imagination, recently got the following appropriate item, if true:

I had a dream the other night,
When every thing was still;
I dreamed that each subscriber
Came up and paid his bill.
Each wore a look of honesty,
And smiled were'er I met each eye;
As they handed o'er the stamps
They yelled, "how's that for high."

The Star and Sentinel.

SHE ALWAYS MADE HOME HAPPY.

In an old churchyard stood a stone,
Wheather-marked and stained,
The hand of time had crumbled it,
So only part remained.
Under the one side I could just trace,
"In memory of our mother!"
An epitaph which spoke of "home"
Was chiseled on the other.

I'd gaze on monuments of fame,
High towering to the skies;
I'd seen the sculptured marble stone
Where a great hero lies;
But by this epitaph I paused,
And read it o'er and o'er,
For I had never seen inscribed
Such words as these before.

"She always made home happy!" What
A noble record left;
A legacy of memory sweet
To those she left bereft;
And what a testimony given
By those who knew her best,
Engraven on this plain, rude stone
That marked their mother's rest.

It was an humble resting place,
I know that they were poor,
But they had seen their mother sink
And patiently endure;
They had marked her cheerful spirit,
When bearing one by one,
Her many burdens up the hill,
Till all her work was done.

So when was stilled her weary head,
Folded her hands so white,
And she was carried from the home
She always made so bright,
Her children raised a monument
That money could not buy,
As witness of a noble life
Whose record is on high.

A noble life; but written not
In any book of fame;
Among the list of noted ones
None ever saw her name;
For only her household knew
The victories she had won—
And none but they could testify
How well her work was done.

OLDTOWN FIRESIDE STORIES.

"Mis' Elderkin's Pitcher."

BY HARRIET BEECHER STOWE.

"Ye see, boys," said Sam Lawson, as we were gathering young wintergreen on a sunny hillside in June, "ye see, folks don't allers know what their marcies is when they sees 'em. Folks is kinder blinded, and when a providence comes along, they don't seem to know how to take it, and they growl and grumble about what turns out the best things that ever happened to 'em in their lives. It's like Mis' Elderkin's pitcher."

"What about Mis' Elderkin's pitcher?" said both of us in one breath.

"Didn't I never tell ye now?" said Sam: "why, I wanter know?"

No, we were sure he never had told us, and Sam, as usual, began clearing the ground by a thorough introduction, with statistical expositions.

"Wal, ye see Mis' Elderkin, she lives now over to Sherburne in a about the handsomest house in Sherburne—a high white house with green blinds and white pillars in front—and she rides out in her kerridge, and Mr. Elderkin, he's a deacon in the church, and a colonel in the militis, and a 'lectman, and pretty much atop everything there is goin' in Sherburne, and it all come of that pitcher."

"What pitcher?" we shouted in chorus.

"Lordy massy! that are's

FRIDAY MORNING, OCT., 21 1870.

G. A. BUEHLER, Editor and Business Agent.

Advertisers and others interested will bear in mind that the regular circulation of the "STAR AND SENTINEL" is much larger than that of any other paper published in the County, being read by not less than 11,000 persons.

A DARING outrage was attempted on Friday last, in Philadelphia, by a party of Democratic roughs, led by Bill McMonigle, Shay Nolen, John Ahern, and Peter Smyth—all prominent Democratic politicians of the shoulder-hitting stripe, which resulted in the mortal wounding of Nolen. The Return Judges were in session in the Supreme Court room, and a legal question arising, which the Judges desired counsel, William B. Man and Lewis C. Cassidy, prominent members of the Bar, were sent for—the former being a Republican and the latter a Democrat. As these gentlemen entered the room, the Democratic roughs congregated around the door also demanded admittance, which being refused, they proceeded to batter in the doors, and forced an entrance. A wild scene of confusion ensued. The Judges proceeded to gather up their papers, while pistols were fired, chairs and benches broken, missels of all kinds flying about in every direction. Mr. Crawford, a Republican Return Judge, being hard pressed by Nolen, picked up a pistol which had been dropped in the melee by one of the rowdies, and hurled it at Nolen, just as the latter was in the act of hurling a spittoon at Crawford's head. The ball entered Nolen's neck, and he fell to the floor. By this time the police entered the room, and restored order. Nolen being carried off by his friends. Crawford was arrested by the police, but the matter being brought before Judge Allison he ordered the officers to return with Crawford to the Supreme Court room, to complete the Returns. This outrage is all the more extraordinary, in that it took place in the same building in which the Courts were in session, and in which the Mayor and Chief of Police have their head-quarters, neither of whom took any precautions to prevent the riot. The police themselves in and about the building attempted no interference until the room had been made a wreck, and one of the leaders had been shot down.

Judge Allison, of the Common Pleas, and Judge Read, of the Supreme Court, —both of whom were holding Courts in the building at the time—animadverted in strong terms upon the fact that such an outrage should have been permitted in the heart of the city and next door to police headquarters. There must have been either criminal connivance on the part of policemen, or a dread of the potent politicians who lead the rioters.

Nolen died of his wound on Sunday morning. It is due to Mayor Fox to say that he was out of the City at the time, and that he has since ordered writs to be issued for the arrest of McMonigle, Ahern and Smith, the leaders in the riot. These worthies are bright and shining lights among the Philadelphia Democracy, the examination may develope some rich things.

No attempt was made to connect Hon. B. Mann, Esq., as instigating the fight of Nolen, and the Mayor issued a warrant for his arrest. Col. Mann, hearing of it, promptly came forward—on being taken before Judge Allison was unconditionally discharged, —tears his sole offence lay in this. Hon. Crawford, finding himself attacked by Nolen, asked Col. Mann what he should do, the latter replying, "defend yourself." Very sensible advice, which Crawford sensibly acted on by shooting down Nolen, as he deserved to be. The public good would not have suffered if the whole batch of roughs had been dealt with in the same way.

NOTHING could more clearly show the national sentiment which pervades the South, than the marked honors every where payed to the memory of Gen. Lee, the leader of the Rebel armies. From all parts of the South we hear of official tributes by Legislative and Municipal bodies, adjournments of Courts, meetings of condolence, with flags at half mast and badges of mourning innumerable. Since the War, the nation has been called to mourn the death of many of the heroes, whose services during the Rebellion contributed largely to save the Republic. Stanton, Thomas, Rawlings, Farragut, and other equally noted patriots, have gone, but the loss of none of them has developed in the South a title of the popular regard paid to the memory of Gen. Lee. Yet in the latter's case, whatever of public record he has, is one made up of military services rendered the Rebel Government, in its wicked efforts to destroy the Union and build on its ruins a new Government, whose corner stone was to be Human Slavery. Up to the breaking out of the Rebellion, Lee had no national reputation. Holding a subaltern position in the army, he was only known as the pet of Gen. Scott, esteemed for his personal character and supposed military capacity. He had been educated by the Government at West Point, and was bound by his oath, as by every principle of honor, to defend it against all assailants. Yet, as soon as Virginia seceded, he threw up his commission in the federal army, and tendered his sword to the Rebel government. Rising to the chief command of the Rebel forces, he manifested unquestioned ability as a soldier; whose great abilities were given to the cause of Treason and Rebellion. It is this service that he acquired a notoriety of national fame he had, and the service which the South to-day seeks to honor.

On Friday last Secretary Cox, of the Interior Department, tendered his resignation to the President, who, it is understood, has accepted it, to take effect when the annual report of the Department shall have been made, which will be in about thirty days.

Hon. Columbus Delano, at present Commissioner of Internal Revenue, will be Secretary Cox's successor.

THE returns from Luzerne, Lehigh, Schuylkill, and other counties whose vote is made up largely of workingmen, indicate that this class of citizens fully believe in the protective platform adopted by the National Labor Congress. In these hitherto strongly Democratic counties, the candidates of the Democrats and free traders have fallen largely behind, while the Republican vote is correspondingly increased.

HON. JOHN V. CREELY, the Independent Republican who defeated Hon. Charles O'Neil for Congress in the Second Pennsylvania District, in a speech on Monday evening, said that he was a Radical Republican, always had been, and always intended to be.

THE RESULT IN THE STATE.

While the result of the recent election in the State is a substantial Republican triumph—all the more significant in that we have carried the Legislature and a majority of Congress, in a quiet campaign, with no State or National candidates to arouse enthusiasm and draw out a full vote—we regret to announce an unexpected loss in several of the undoubted Republican districts. The 6th, 10th, 16th and 21st districts were conceded to be doubtful. We have carried the 5th and 10th and lost the 16th and 21st. But the 17th, 18th, 20th and 24th districts are reliably Republican, where defeat was not dreamed of. We lose them, however, by reason of local factious fights.

Harmer (Rep.) carries the 5th district, and Killinger (Rep.) the 10th, by decided majorities. Cessna is beaten in the 16th by 15 majority, Morrell in the 17th by 9, Armstrong in the 18th by 27, while Gilfillan and Donley are badly beaten in the 20th and 24th districts. The next delegation in Congress will therefore stand 13 Republicans to 11 Democrats. Several of the close districts will no doubt be contested.

We annex a corrected list of the members elect:

First district—Samuel J. Randal, * Dem.
Second—John V. Creely, Rep.
Third—Leonard Myers, * Rep.
Fourth—Wm. D. Kelley, * Rep.
Fifth—A. C. Harmer, Rep.
Sixth—E. L. Acker, Dem.
Seventh—Washington Townsend, * Rep.
Eighth—J. Lawrence Getz, *Dem.
Ninth—Oliver J. Dickey, * Rep.
Tenth—John W. Killinger, Rep.
Eleventh—John B. Storms, Dem.
Twelfth—L. D. Shoemaker, Rep., gain.
Thirteenth—Ulysses Mercur, * Rep.
Fourteenth—John B. Packer, * Rep.
Fifteenth—R. J. Haldeman, * Dem.
Sixteenth—B. F. Meyers, Dem., gain.
Seventeenth—R. M. Speer, Dem., gain.
Eighteenth—H. Sherwood, Dem., gain.
Nineteenth—G. W. Scofield, * Rep.
Twentieth—S Griffith, Dem., gain.
Twenty-first—Henry D. Foster, Dem., gain.
Twenty-second—James S. Negley, * Rep.
Twenty-third—Ebenezer McJunkin, Rep.
Twenty-fourth—Wm. McClelland, Dem., gain.

*Re-elected.

The Legislature will be Republican in both branches, with 1 majority in the Senate and 12 in the House. But for the loss of two Senators, by local difficulties in the Blair district, the Republican majority in the Senate would have been five.

THE 16TH DISTRICT.

We regret to be compelled to announce the defeat of Mr. Cessna in this district by a small majority. While he made a magnificent run in Bedford county, the Republican majority in Somerset is reduced by the opposition voting some 250 to 300 railroad hands in that county. The unexpected defection in Franklin county, where a Republican majority of several hundred was confidently looked for, loses us the district. We are without the full vote, but annex the official majorities:

	MEYERS.	CESSNA.
Franklin		186
Fulton		325
Adams		32
Bedford		948
Somerset		
	963	
	948	
Meyer's majority	15	

MR. CESSNA lead his ticket in nearly every district in Bedford county. The Democratic majority on the general ticket is cut down to 165, whilst Meyers' majority is but 32! The latter is the lowest man on his ticket, and Mr. Cessna is the highest on his.

Such facts are conclusive as to the standing, *at home*, of the two candidates, and are a perfect vindication of Mr. Cessna from the unheard-of calumnies heaped upon him by the Copperhead press.

ONE of the most remarkable results of the recent election is the defeat of Judge Woodward for the office of President Judge of Luzerne county. Two years ago, Woodward carried Luzerne for Congress by 8,084 majority. He is now beaten for President Judge *in the same county* by 2,252—being a Republican gain of 5,336.

OHIO gives an increased Republican majority, which will reach 15,000—probably 18,000. Schenck is beaten by a small majority by Campbell, but will contest by reason of frauds. The Congressional delegation will stand the same as last year, 14 Republicans to 5 Democrats—the Republicans having lost two (including Schenck's) and gained two.

INDIANA elects the Democratic State ticket by a small majority. Legislature in doubt. The Democrats gain one member of Congress, which will make the delegation stand 6 Republicans to 5 Democrats.

THE entire Democratic ticket was elected in Franklin county by majorities ranging from 125 to 368.

IOWA and Nebraska are both overwhelmingly Republican, returning solid Republican delegations to Congress.

CENSUS OF NEW YORK—ILLEGAL VOTING.

The U. S. Census of New York city is at last completed, and the total population is stated at 920,856. In 1865 it was 726,896, and in 1860 it was reported at 813,660. It is generally believed that the census of 1860, which was taken under the auspices of the notorious Captain Rynders, was a fraud. The State census of 1865 was very carefully taken and so with the present one, notwithstanding the complaints of the Gothamites, who have estimated their population at 1,250,000.

The N. Y. *Tribune* publishes tables showing the proportion of votes to population in each district and ward. It aggregates 156,000 votes to the whole population of 930,856 which is five hundred and ninety-six persons to each 100 votes. In the heavy Democratic districts the proportion of votes to population is much greater. In thirteen of these districts containing 15,956 residents, 7,585 votes were cast, of which 6,854, or all but 581—were *Democratic!* The 10th district of the 6th ward deserves special attention. The return of last April's election shows *sixty-four more votes than there were residents—men, women, children, aliens or native—in the District.* In the XVth District, VIII Ward, 1,710 residents cast 1,022 vote; and two other Districts in the same Ward were even more industrious. These votes were almost unanimously "democratic." This is how the heavy democratic majorities are piled up in the City of New York.

When it is recollected that a very large proportion of the population of the City of New York is made up of aliens, and that in such districts as the 6th Ward, or 'Five Points,' the proportion of aliens, or persons not entitled to vote, is much greater than in the other Wards, —and yet that in these very districts *the vote is greater than the whole population*, the stupendous magnitude of the frauds perpetrated from year to year, will be appreciated.

His cries for help were heard by the workmen, the coal removed, and he released from his unpleasant position. The only damage done was a bruised shoulder.

THE Republican victory in Nebraska seems to be overwhelming. The Democracy have been utterly routed, and the personal friend of President Grant, General Thayer, will be re-elected Senator to Congress for six years from the 4th of March next, without opposition.

SUMMARY OF WAR NEWS.

PRUSSIAN SUCCESSES.

Rumored Peace Negotiations.

MONDAY, Oct. 17.—The reports from French sources that a great sortie was made from Paris on the 19th, under Trochu, and that the Prussians were driven back, is denied by a despatch from Versailles, the headquarters of the German army, which says the reports of French successes before Paris are untrue, and are invented for the purpose of rekindling the courage of the people. The Prussians hold exactly the same positions they occupied on September 19.

Soissons, after an obstinate defence of four days, has capitulated to the German forces.

A letter written by a Parisian, which has fallen into German hands, admits that Paris is provisioned for only two months longer, and that the only hope of the besieged is to act on the offensive, and by a pitched battle dislodge the besiegers.

In Tours, the seat of the French government, it is understood that large forces are face to face near La Ferte St. Aubin, and that a general battle is imminent. The military authorities there are hurrying forward reinforcements in that direction.

Garibaldi has been appointed to command of the irregular forces in the Vosges, with a brigade of Gardes Mobile attached.

It is rumored that General Boyer has been sent by Bazaine to royal headquarters at Versailles, to treat for the surrender of Metz. General Fleury, after a visit to Napoleon at Wilhelmshohe, has gone to St. Petersburg.

It is said that negotiations looking to peace are going on actively, though the people of Paris seem to be determined to oppose any peace based upon the cession of French territory or in any way humiliating.

TUESDAY, Oct. 18.—Advices from Tours say the capture of Orleans had a very depressing effect. The conduct of the inhabitants of the captured city is said to have been admirable. The defeat is attributed entirely to the defective arms supplied to the tireurs and Nationals.

The Prussians have crossed the Loire and marched towards Tours. On this becoming known all the departments of the government were in a state of consternation, and the excitement of the officials was indescribable. Books, papers, and all official documents and insignia were hurriedly put together and packed away into places of supposed security.

The Duke of Mecklenburg-Schwerin says at the capitulation of Soissons four thousand French prisoners fell into Prussian hands.

Advices from Metz state that the epidemic in and around that city is growing worse.

Heavy reinforcements reach the army before Paris every day.

The Cologne *Gazette* reports that the rinderpest not only prevails in the camps, but is raging in in forty or fifty places in the Rhine valley, and has also broken out in Brandenburg.

There are the most contradictory reports concerning the Prussian and French armies near Orleans. Both sides are receiving reinforcements. The municipal authorities of Ablis, whom the Prussians theatened to execute, have been liberated.

The French fleet is again assembling off Dunkirk. This fact, coupled with the unexpected arrival of a squadron in the North Sea, causes the Germans to again remove the lights and restore the torpedoes and other obstacles in the Elbe. The squadron in the North Sea is accompanied by flat-bottomed boats. The Germans apprehend mischief.

Russia has rejected M. Thiers' project for a congress of the Great Powers to settle questions between France and Prussia, unless the treaty of 1856 can be revised by the same body.

Mr. Washburne, the American minister, is still in Paris.

General Bourbaki was recently tendered the command of all the armies of France excepting those at Paris and Metz, which he declined, but has accepted the command of the Army of the North, and goes to Lille to-day to organize his forces. Bourbaki assures the goverment that the general commanding the Army of the Loire is entirely capable.

THURSDAY, Oct. 20.—Further French disasters near Orleans and other places are reported. The Prussians are moving actively toward the South of France, with little or no organized resistance. Great alarm prevails at Tours.

The stories of French successes around Paris turn out to be pure fabrications.—The Prussian lines are unbroken.

There are rumors of the surrender of Metz, but nothing official.

AFFAIRS in China, as far as foreigners are concerned, are in a most unsatisfactory condition. The latest items of news from the Celestial Empire are somewhat contradictory, but their general drift is apparent enough. There have been no massacres of Christians since the frightful butchery of Tien-tsin, but the inhabitants of Pekin have destroyed the Roman Catholic Church buildings in that city; and, more important than all, the authorities are unwilling, or else powerless, to force the people to respect the rights of foreigners, which can only be done by giving the latter adequate military protection. This, perhaps, the Mandarins dare not do for fear of the superstitious prejudices of the populace. The Chinese question is becoming a serious one, one that will have to be settled by the united efforts of the civilized nations who have citizens or subjects residing in the land of the Mongolians.

THE opposition to the infallibility dogma is growing constantly in Germany. The Bishop of Breslau, whose diocese is one of the first and wealthiest in the country, has notified the Pope that it would be impossible for him to retain his position under the present circumstances. The Bishop of Rottenburg and his entire chapter stick to the opposition they declared at Rome during the Counsel. The Catholic College at Tuebingen takes the same stand. The opposition among laymen to this dogma is getting stronger very day.

THE following is the official statement of the Land Department, Union Pacific Railroad, from July 28, 1869, to October 4, 1870: The Union Pacific Railroad sold 240, 344, 18-100 acres, for which they received $1,108,049.33, or an average of $4.60 per acre. The company cancelled $618,000 of their land grant bonds, received in payment for their lands. The trustees hold $400,000 in settlers' notes, secured by mortgage on land sold, and $30,000 in cash, to be appropriated to further purchases of land grant bonds. The Union Pacific Railroad has 11,750,000 acres of land remaining unsold.

CLEAN YOUR STOVES.—House-keepers will economize fuel and promote their comfort by cleaning their stoves, at least once a year. In coal stoves particularly, a large amount of dust and dirt accumulate during a winter's use, which, adhering to the sides of the stove, prevent free radiation of heat. Cooking stoves will bake better by being thus cleaned. The Morning Glory Stove should not be put up without thorough cleansing, which can be done in five minutes, simply by unscrewing the stop plate and removing the accumulated dirt. By so doing, your stove will "draw" better, and give out more heat.

WHAT THE ELECTIONS MEAN.

The administration of President Grant has stood its highest test in the October canvass. "As Pennsylvania goes so goes the Union." This was the political proverb of the older days, and it seems to hold good now.

The fear of politicians like Colonel M'Clure, that unless General Grant put man like Governor Curtin into his Cabinet he would have no influence in the politics of that State, will have an absurd meaning in view of the triumphant vindication of the administration and its policy shown by the great victory of Tuesday.

The campaign was made directly against the President. No other issue was brought into the canvass. He had failed. He was incapable. He was unworthy of any public confidence. He was hated by Democrats, distrusted by Republicans. The "workingmen" of every party were against him. He had done nothing. The Alabama claims were unsettled. We had not helped Cuba. We had trafficked in San Domingo—and altogether the country was ripe for the immediate accession of the Democracy to power and the overthrow of Grant in 1872.

And behold Pennsylvania, which turned against Lincoln in 1863, stands true to the party and the President now.

Now let the Republicans carry New York. It can be done if the leaders mean to do it. Here is were the greatest battle must be fought.—*New York Standard.*

LOSSES BY THE VIRGINIA FLOODS. The losses by floods in Virginia are estimated by a Washington correspondent as follow$:

Lives lost	100
Cattle and Sheep	6,000
Railroad property	$1,500,000
Mill property	300,000
Houses and household furniture	250,000
Crops carried off	100,000
Roads and Bridges	200,000
City warehouse damages	200,000
Damages to canals and boat property	400,000
Loss to the communities and railways by interrupted transportation	2,000,000

[The price and quantity of coal alone will be affected to a large part of the above amount.]

The total damage by the flood of 1870 is probably $5,000,000, two-thirds of which will fall upon the poor and laboring classes.

BASE BALL.—On Satuday the 8th inst., the third, a champion game of Base Ball, was played between the Dexter Club, of New Oxford, and Jr. Red Stockings, of East Berlin, on the grounds of the latter, which was won by the former, as follows:

UNRIVALLED YET.—"Blood will tell" say the horse fanciers, in estimating the endurance of a fine animal; and the motto is a good one, outside of the sporting world. A pure article—intrinsically good —must distance all competition, eventually. The success of Udolpho Wolfe's Aromatic Schiedam Schnapps has induced the manufacture of an hundred imitations; but in the unrivalled sale of his manufacture, while others have achieved if at all, but a scanty success—may be found the public appreciation of a pure and wholesome beverage. 1t

CAUTION!—In our changeable climate, coughs, colds, and diseases of the throat, lungs and chest will always prevail. Cruel consumption will claim its victims. These diseases, if attended to in time, can be arrested and cured. The remedy is *Dr. Wistar's Balsam of Wild Cherry.*

ALWAYS AHEAD.—Capt. NORRIS is determined not to be outdone by rivals, and has again added largely to his stock for fall and winter wear. If you want a fashionable Hat, Cap, Coat, Pants, or Vest, for fall or winter wear, or a good pair of Boots or Shoes or any kind of underwear as cheap as before the war, Norris' Head-Quarters is the place, (Arnold's corner) young gents. If you want a fashionable Tie or Bow, don't forget that Norris is getting new styles every week, and always has the latest. His stock of Hats is the largest in the county and greatly reduced in price, all styles and price. If you want to save money go to Norris' corner. Sept.16-tf

LOOK HERE.—E. Woodward has commenced, in connection with his Gunsmithing, the repairing of Umbrellas, Parasols, &c., which he will warrant to be better fixed than is done by the majority of Umbrella-menders. Any person wishing work done in this line can leave word at his shop on Carlisle Street, and it will be sent for and returned. Charges moderate. He also has still on hand a variety of Battle-field Relics, of any kind and style, a large assortment of Canes, &c. Call and see him. tf

THE BEST STOVE now in market, for beauty, economy, and comfort, is admitted all around to be the MORNING GLORY. It defies all competition, and that is the judgment of all who have used it. It is just the thing for Offices, Stores, and Parlors Chambers. Call at C. H. Buehler's Ware Room, opposite the Passenger Depot, and examine for yourselves. tf

A CHANCE FOR BARGAINS.—Messrs. Cobean & Cunningham having determined to close out their stock of Ready-made Clothing, are now selling all kinds of Coats, Pants, Vest, &c, at largely reduced prices—many of them less than cost. Now is the time to secure Bargains. The goods are all first-class and will positively be sold without regard to cost. aug.12.tf

PRIME OYSTERS.—E. H. Minnigh makes it a point to serve up the VERY BEST Oysters that can be secured in the Baltimore market. He has special accommodations for Ladies and Gentlemen, who will find every thing in prime order. Oysters served up in every style, to suit the most fastidious. Call and see for yourselves.

SAVE MONEY.—Pending the agitation of the Funding Bill, which will evidently depreciate Government Bonds, persons would do well by reading the advertisement of the "Gettysburg National Bank," in another column, and exchange their Government Bonds and realize a handsome profit thereby, and obtain an investment as safe and profitable. tf

ATTENTION FARMERS.—Try the celebrated Patent Elastic Rubber-lined Collars, Saddles, and Pads. SEASON OF 1870-71.

Mason & Hamlin Cabinet Organs.

IMPORTANT IMPROVEMENTS.

Patented June 21st, and August 23d, 1870.

Reduction of Prices.

The Mason & Hamlin Organ Co. have the pleasure of announcing important improvements in their Cabinet Organs, for which Patents were granted them in June and August last. These are not merely meretricious attachments, but enhance the substantial excellence of the instruments.

They are also enabled by increased facilities for manufacture, to make, from this date, a further reduction in prices in several of the leading styles.

Having completed and adapted to their former facilities a large new manufactory, they hope hereafter to supply all orders promptly.

The Cabinet Organs made by this Company are of such universal reputation, not only throughout America, but also in Europe, that few will need assurance of their excellence.

They now offer FOUR OCTAVE CABINET ORGANS, in quite plain cases, but equal according to their capacity to anything they make, for $58 each. The SAME, DOUBLE REED, 467 OCTAVE DOUBLE REED ORGANS, FIVE STOPS, with Knee Swell and Tremolo, in elegant case, with several of the Mason & Hamlin improvements, $125. The same thing, with new VOX HUMANA, Automatic Swell, &c., $130. FIVE OCTAVES, THREE SETS REEDS, SEVEN STOPS with EUPHONE; a splendid instrument, $625.

LOCAL ITEMS.

FAIR.—A Fair for the benefit of the Littlestown Orchestra will be held in that place on the 24 inst.

IMPROVEMENTS.—Washington Scott, of Freedom, has erected a fine house on his farm on Marsh creek, and is erecting a new barn.

COMPLIMENTARY.—While the Democrats carried Mountjoy township, at the recent election, by 20 majority, I. N. Durboraw, Esq., the Republican candidate for Justice of the Peace, has 53 majority —being a gain of 73 in a total vote of 216.

RELIGOUS SERVICES.—Religous services, according to the usuages of the Protestant Episcopal Church, will be conducted in the Court House on next Sunday at 10½ A. M. and 3½ P. M. by Rev. Joseph A. Nock. Public invited.

ROBBERY.—On Tuesday night of last week, the store of Michael Reily, Esq., in McSherrystown, Adams county, was entered by some person and robbed of a small amount of money and a pair of boots, carpet-sack, and a carriage whip.

The shoemaker shop of Mr. Mathias Ginter, in McSherrystown, was also entered on the same night, from which there was taken a pair of shoes. As yet no clue to the thief or thieves has been had.—*Hanover Citizen.*

LECTURE.—Prof. Baugher, of this place, is announced to deliver his lecture, "Abroad on the Hills," in Hanover, on the evening of the 29th inst. We can assure our Hanover friends that they have a rare treat before them. Gettysburg has been favored with numerous noted Lecturers during the last few years, but none whose efforts gave greater satisfaction to our people than "Abroad on the Hills." We advise all to go and hear him.

LARGE YIELD.—Mr. Thomas T. Norris, of Cumberland township, this season raised forty bushels of Yams and Sweet Potatoes from one-eight of an acre of ground, making 320 bushels to the acre. A heavy yield that. Can any person beat it?

Mr. Norris sends us *one* of the Yams, weighing seven pounds and measuring 25½ by 23½ inches in circumference. This is the largest we have seen noticed this season.

CORRECTION.—We notice in the telegraphic despatches from Washington the reported illness of Hon. Edward McPherson, Clerk of the House of Representatives. We presume the report originates from the fact that Mr. McPherson's health was not good during the earlier part of the summer, and that he has spent most of his time at home, in rest and recreation. His friends, however, will be glad to learn that so far from being *ill* at present, his health has been greatly improved, and is now better than it has been for a year past.

SALES.—On Monday last, Wm. D. Himes Esq., Administrator, sold the Real Estate of George Diehl, deceased, viz:—102 acres 113 perches in Oxford and Mountpleasant township, to Charles A. Diehl, for $9,577,-5. ½; 8 acres and 79 perches to the same for $1,. 969,61; 6 acres and 48 perches with improvements to John W. Hershey, for $2500; 7 acres and 126 perches chesnut land in Berwick township, to John Myers, for $627,½.

Joseph Todt has sold his tavern property, in New Chester, to Adaline Chronister, at $2,750. Mr. Todt has purchased a tract of land, with improvements, from Mr. Stonesifer, near White Hall, at $3,200.

The farm of George Meckley, Sr., deceased, in Tyrone township, was sold on the 8th inst.,—110 acres, at $50 per acre—John Eicholtz purchaser.

Lewis Strouse has sold his property on High street, Gettysburg, to John Hartman.

ARREST.—On Friday night last, the Catholic Church at Mechanicstown, Md., was robbed of the communion service, Priest's robe, silver ware, images, &c. The next night the office of Dr. Eichelberger, in Emmitsburg, was entered and several articles stolen. It turned out that a suspicious stranger had been in Emmitsburg during Saturday, offering a Priest's robe and other articles for sale to some colored people. When the news of the robbery of the Mechanicstown church reached Emmitsburg suspicion attached to this person, who passed by the name of James Dun. Word was sent to Detective Rouzer, of this place, who came across Dun on Tuesday night and arrested him. On searching him, a lady's embroidered sack was found on his person, bnt none of the articles missing from the church. The sack turned out to be the property of Miss Crawford of this place, having been stolen from a stand in the hall of the residence of Mr. John S. Crawford, during the earlier part of the evening. Dun was committed to jail.

THE RAILROAD.—Last week we announced the sale of the Gettysburg Railroad to Mr. Maltby, for $181,000. The decree of sale requires the purchase money to be paid within 30 days after the sale. The fund will be distributed *pro rata* among the Bondholders, who will realize from this fund and the suplus now in the hands of the Sequestrator about 90 cents on the dollar.

So far as we can learn Mr. Maltby buys the road purely for speculative purposes. Neither the Pennsylvania Central nor the Gettysburg Company are connected with the purchase. Mr. Maltby resides in New Haven, Connecticut, and is represented to be a gentleman of large means. He is the same person who secured a transfer of a controlling interest in the stock of the Gettysburg Railroad, subsequently purchased the hypothecated bonds held by Johns Hopkins, Sampson, and others, and instituted the proceedings in the Supreme Court for a foreclosure of the Mortgage, resulting in the decree for the sale of the road.

ADVERTISING AGENCY.—Messrs. G. P. Rowell & Co., of New York, have bought out the Advertising Agency of Hooper & Co., of the same city, and the business of the two firms will be consolidated. For some years Messrs. Rowell & Co., have been the largest customers of the newspapers published in the United States, doing business on a cash basis. Their American Newspaper Directory which is conceded by all persons competent to pass judgment upon such a work, to be the most complete volume of its character ever issued in this or any other country, may be found on the shelves of every prominent advertiser. This firm has for some years been conceded to be the leading establishment of its kind in America. And the absorption of J. Hooper & Co., one of the few others which could with justice be called their rivals, places them in position far in advance of all competitors. More than five thousand American Perodicals are received regularly and kept on file at their offices which are located in the New York Times Building, Nos. 40 & 41 Park Row, and we are informed that their corps of assistants out-numbered the combined force of any four similar establishments now in existence.

THE TRUE UNITY OF CHRIST'S CHURCH.—By Rev. S. S. Schmucker, D. D. Anson D. F. Randolph & Co., New York, Publishers. Price $1.25.

Under the above title our townsman, Rev. Dr. Schmucker, has published a new volume in the interest of Christian Union. More than thirty years ago Dr. S. published a "Fraternal Appeal to the American Churches," designed to bring about a more intimate union of evangelical Christians, irrespective of denominational differences, which at the time attracted much attention by reason of its scholarly character and christian spirit, and largely contributed to the formation of the Evangelical Alliance which met in Europe, and to which Dr. S. was an accredited delegate from the United States. The arrangements for a meeting of the Alliance in New York this fall (postponed by reason of the European war,) induced Dr. Schmucker to prepare the present work, which, in addition to the substance of his original Appeal, presents a modified scheme for Christian union, adapted to the changed relations of evangelical denominations. It is an exceedingly interesting volume, and should command the attention of all who deplore the antagonisms prevailing as betwen different branches of the Christian Church. The design is not to form a new church, nor to dispense with denominational peculiarities, but to bring about a more intimate correspondence and fraternal union, by means of a common delegated body harmonizing upon the essentials of the Christian system common to orthodox churches. The book is brought out in attractive style by the publishers, Messrs. Randolph & Co. The New York *Observer* (Prebyterian) in its issue of September 22, thus notices it:

Rev. Dr. Schmucker, one of the fathers of the great Evangelical Alliance movement of the age, has just brought out a small volume (Randolph &Co., publishers) that should arrest the attention of all thoughtful and active Christians. It is on "The True Unity of Christ's Church," in which he demonstrates the existing essential unity of the Church, and proposes a plan for the external union of all evangelical churches on the general basis of the Alliance. We are deeply interested in the views here presented, and we ask ministers and intelligent laymen of all branches of the Church to get the book and read it. It is one of the signs of the times. The Church is one.

INJUNCTION.—On Wednesday last, on petition of Martin Steffy, Burgess of the Borough of Littlestown, the Court of Common Pleas granted a temporary writ of Injunction to restrain the Littlestown Railroad Company from obstructing or making any embankment on Cemetery street in that borough, until adequate security is given for the payment of damages, and also granted a Rule to show cause why the Company should not be perpetually enjoined from obstructing or making the embankment on the street.

ACCIDENT.—On Tuesday last the Hagerstown stage came up with French's Circus and Caravan at the hill this side of Breamt's tavern. The horses, frightened by the sudden appearance of the camels on the hill, wheeled suddenly round in the narrow cut. The driver, Mr. Wassum held on to the reins, and forced his team against the fence. The stage was broken, but no serious damage was sustained by the passen gers.

LADIES' FANCY FURS!

JOHN FAREIRA,

718 Arch St.

Middle of the Block, between 7th and 8th Streets,

Farm, Garden & Household.

CORN AND HOGS.—From carefully conducted experiments by different persons, it has been ascertained that one bushel of corn will make a little over 10½ pounds of pork gross. Taking the result as a basis, the following deductions are made, which all our farmers would do well to lay up for convenient reference. That:

When corn costs 12½ cents per bushel, pork costs 1¢ cents per pound.

When corn costs 17 cents per bushel, pork costs 2 cents per pound.

When corn costs 25 cents per bushel, pork costs 3 cents per pound.

When corn cost 33 cents per bushel, pork cost 4 cents per pound.

When corn costs 50 cents per bushel, pork costs 5 cents per pound.

The following statement shows what a farmer realizes on his corn when in the form of pork:

When pork sells at three cents per pound it brings 25 cents per bushel in corn.

When pork sells for four cents per pound, it brings 33 cents per bushel in corn.

When pork sells for 5 cents per pound, it brings 50 cents per bushel in corn.

CARE FOR SWINE.—Although we have repeatedly urged upon our friends the importance of caring for those most abused of our animals, the swine, there is great negligence observed in their management. There is no excuse in the often made remark that "the pigs love dirt and filth," for it is not in a great measure true. The hog while taking great comfort in rooting over a manure pile will from preference, if given the opportunity; choose a clean and comfortable locality for a nest. If they are confined in pens, there should be thrown into them a liberal supply of sods and weeds, and a clean resting place should be provided. Among the rural population, probably no meat is eaten so generally as is pork, and every care should be exercised in securing a healthy and wholesome supply.

At this season, we believe in pasturing swine in the apple orchards. They stir up the soil thoroughly about the trees, destroy many noxious insects, and eating the windfay fruit, prevent the propagation of the injurious codling moth.

FOOD FOR CHICKENS.—Chickens do not require feeding till about twenty-four hours old, and then they may be fed corn meal wet sparingly. Soaked pieces of bread are better for the first few days; and boiled eggs, mixed with a little corn meal, moistened, are still better especially for the first day or two after commencing to feed. After the chickens are old enough to eat meal ground course, it is better to feed such, that which is so fine as to be liable to bake in their crops: and when older barley, buckwheat, or cracked corn and give them a wide range to catch insects, and they will seldom become diseased.

THE members of a church in one of the very rural towns of Illinois recently proposed a small cottage organ to aid the services. This was quite acceptable to a part of the congregation; but one good sister was opposed to it. On the Sunday evening following its introduction he was called on as usual, to close the meeting with prayer. Raising his head, he replied, on the *mersheen*; if it can sing, Call on the mersheen."

DODGE'S PATENT

REAPER AND MOWER

AND SELF RAKER.

THIS machine has met with the most complete success. In every section where it has been introduced, it has taken precedence over those machines which have heretofore ranked as first-class. It is a perfect Self-Raker and a superior Mower.

A careful examination will convince any one of its superior merits over all others, in simplicity, strength and durability. As a Self-raking Reaper it has no equal to our knowledge.

The Dodge rake is attached to no other machine in the United States, except the Dodge machine—Built by the DODGE & STEVENSON Manufacturing Co., Auburn, New York.

READ THE NOTICE OF THE COMPANY TO OUR AGENTS.

Having been informed that certain manufacturers in Ohio and elsewhere are building Reapers, with DODGE'S RAKE IN VIEW, we ask you to furnish us the names of all persons you vending or purchasing such machines, as we never licensed any person or persons to sell machines said RAKE, or any part thereof, and will prosecute to the full extent of the law, all persons manufacturing, selling or using said Self-Rake except of our own manufacture.

JOHN A. DODGE, President.

We have that confidence in this machine that we are willing to let Grain Cradlers use a machine best it with any other machine they may wish, and agree that it gives the perfect satisfaction.

Farmers wanting Droppers attached can be accommodated.

For the benefit of those wanting machines we should refer them to a few of those to whom we have sold, viz:
